

netatmo

Additional Module for the Weather Station

DESCRIPTION

INDIVIDUAL READINGS FOR EACH OF YOUR ROOMS

Place the Additional Module in the room of your choice to monitor the temperature, humidity and CO2 level.

For example, you can receive an alert when your children's bedroom needs ventilating.

The Netatmo Additional Module only works with the Netatmo Weather Station, sold separately.

You can connect up to three Additional Modules to a Netatmo Weather Station.
